

SZ Stranding Line

EP-6/800+6/1250 / EP-12/800SZ Stranding Line

- 1250 centre strength member auto-traversing pay-off
- Dual wheel tension control device for centre strength member
- 12 optical fiber loose tube pay-off
- Filling unit for stranding point
- SZ oscillator
- Binder for cable core
- Anti-torsion crossing device
- Jelly filling system
- Two sets tape pay-offs and longitudinal tape applicator
- Binder for longitudinal tape
- 1000 dual wheel accumulator
- 800 dual wheel accumulator
- 2000 dragon type take-up with traversing unit

Item	Unit	Technical data
Reel size of center strength member		PN800~PN1250
Reel size of loose tube pay-off		12/800 或 6/800+6/1250
Stranding pitch	mm	80~800
SZ stranding angle		±12n
Line speed	m/min	≤100
Reel size of take-up		PN1000~PN2000
Outline size (L×W×H)	m	38×4.5×3
